

Above Ground Pool Liner Installation Contract Agreement

These prices do not include Pools with Decks or the following
Additional work on pools is based on \$150.00 per hour.

Example: Rotted hardware that needs to be cut or drilled, tracks bent and walls not round.
Decks dismantled and re-built (Pool kit Decks only).
Removing excess sand under old liner to make the new liner fit.
Duckman's pools does not work on wood decks..

These prices do not include draining pool water from existing liner, and replacement of any worn parts.

Example: Gaskets and coping, replacement of sand ect.
Customer is responsible for having all parts and pieces needed.
(If the pool is not a Duckman's Pool.)

If the New liner is damaged due to a problem with the customer's pool after being installed, the customer is responsible for the liner.

A full inspection of the pool will be done prior to any work at no cost to the customer,
however this does not guarantee to the customer that their pool is problem free.
Installer does not guarantee 100% wrinkle free liner, we do work to get most of the wrinkles out, however above ground liners should not be stretched to get the creases out.

This service does not include any water or chemicals.

Price of draining pool water is \$150.00 up to 12,000 gallons
